Message

I am feeling highly obliged to convey my message for 'SAMVAAD', being organized by International Organization for Educational Development (IOED). It is also a matter of proud for me to be a part of it.

IOED, has reaches on a great height within a very short span and registered itself amongst the leading organization working for educational development at National and International level.

Currently modern day society is struggling to educate and thus maintain the value of education. IOED is becoming an instrument in bringing a true transformation in education. For this remarkable performance of IOED, I heartily congratulate President and Chairman Dr. Arvind Kumar Sharma, PhD., DhC and its whole team.

I wish for the huge success of 'SAMVAAD'. My best wishes and devotion are always with IOED.

Regards,

Veteran Prof. (Dr.) Ravi Nath Kumar
